2009 Ausglass Auction

Funds raised at the Ausglass Auction held at each Conference are used to assist in meeting the objectives of Ausglass and the development of contemporary glass in Australia. Proceeds are used to provide support for both established and emerging glass artists in Australia, through prizes and awards.

Your donation is a very valuable contribution to the work of Ausglass, and also provides you exposure to glass collectors, galleries, and the general public. Collectors are invited nation-wide to the Auction.

Donations can be

- glass art works (which you may have created),
- goods (for example books or glass supplies), or
- services (such as a free studio day).

Works made at a conference workshop or demonstration are often donated.

Please note that works will be sold without a reserve. Your name and basic contact details will be provided to the purchaser. Please advise us if you do not want your details to be provided to the purchaser.

You have three ways to get your art work or goods to us:

1. We encourage you to bring your donation with you to the Conference. Please hand-deliver work packed well enough for shipping after the auction. Donations will be accepted at the School of Art (Conference venue) at the following times: 08:00-09:30 Friday, 12:00-13:00 Saturday, and 10:00-13:00 Sunday. A copy of the completed Donor Form should be with works or goods for matching with our records.
2. You can donate an art work that you have in the 30th Anniversary Exhibition, if it is unsold by the end of the Exhibition.
3. You may ship your donation. Please ship work to arrive between Thursday 15th or Friday 16th of January to the address below. Works shipped outside this time may not make it to the Auction. Please give instructions that your package must be signed for and not left on the doorstep. A copy of the completed Donor Form for each work must be included. Ship to:
